

AMERISTEP®

▶ Hunting success begins with the element of surprise. That's what Ameristep® has been giving hunters for more than 20 years: ground blinds and accessories that cleverly conceal positions from up above and down below.

Ameristep is proud to be an innovator in the industry, continually seeking new solutions to help hunters disappear. That disappearing act is only part of the story, though. Versatile mobility in all our product designs lets you choose the location that's right – not the location that's convenient. Once you're there, simplified assemblies mean you can set up quickly and capitalize on the moment. Additional key features eliminate elements like scent, noise, reflection to make sure you stay hidden.

You'll have the element of surprise locked in, as long as you're in an Ameristep blind.

FEATURES

We've been on a constant quest for innovation for 20 years and counting. Our pursuit for perfection will never end, but each year it will bring you some of the most premium, modern advancements available in hunting blinds.

FABRICS AND COATINGS

1 DURASHELL™ PLUS

This custom-woven, matte-finish outer shell is lightweight yet durable.

2 ZS3™ TECHNOLOGY

A micro-fiber exterior and carbon-enhanced, laminated interior create a product you can't smell, see or hear.

3 SHADOWGUARD™

This carbon-enhanced black interior eliminates shadows and silhouettes while also blocking scents.

FRAME DESIGNS

4 SPIDER HUB®

These superior metal-stamped hubs maximize strength to outlast extreme weather for many years of use.

5 RUGGED HUB

Hub-style designs provide excellent stability and simplified setup.

6 KICK-OUT HUB

A sturdy, unique silhouette virtually disappears in the field and creates more space for hunters and gear.

OTHER

7 HUNTER CAPACITY

Varying blind styles and designs hold up to four hunters while maintaining a modest footprint.

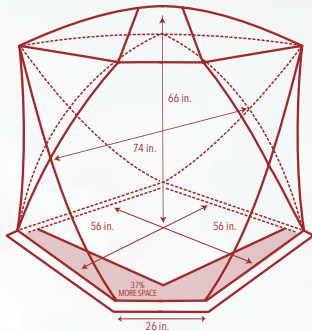

ONE WAY SEE THROUGH

Ground blinds are only as good as their visibility and convenience. **The Pro Series™ Extreme View™** blind

takes these features to pro-level status with new Extreme View one-way, see-through mesh and an oversized, five-sided shape that's 37% larger than standard blinds. Up to three hunters fit comfortably inside with easy viewing through a unique system of geometric windows to accommodate any shot: bow, crossbow and rifle. The 12 windows also feature silent-slide covers for last-minute adjustments. With easy access, an extra-deep interior and clear, one-way views – it's the ultimate blind to make sure that trophy buck doesn't give you the slip.

NEW

PRO SERIES EXTREME VIEW

- + 3 sides of Extreme View one way see through mesh exterior
- + Black ShadowGuard™ interior
- + Silent-slide windows and mesh for quick, quiet adjustments
- + Full-size walk-through door for easy entry and exit
- + 12 large windows (8 triangular, 4 vertical)
- + Unique pentagon footprint, providing 37% more floor space
- + Additional depth in rear for improved maneuverability and concealment
- + Rugged Spider Hub frame for easy setup and takedown
- + Includes stakes, tie down ropes and carry bag

HEAVY-DUTY INSULATED

The first of its kind, the **Pro Series Thermal Blind** provides the ultimate in-field experience to extend your hunts. The unique five-hub design creates an asymmetrical shape wrapped in Mossy Oak® Elements Terra that easily blends into any setting. It's also wrapped in warmth, with heavy-duty welded fabric adding insulated protection on every exposed surface: roof, walls and windows. Inside, you'll benefit from extra floor space, all-new silent-slide windows/mesh and our tried-and-true ShadowGuard™ coating to eliminate shadows and silhouettes. The 12 large windows and extra depth make finding the perfect shot that much easier.

PRO SERIES THERMAL™

- + Heavy-duty 300D insulated welded fabric with dimensional, welded exterior
- + Black ShadowGuard™ interior
- + Silent-slide windows and mesh for quick, quiet adjustments
- + Full-size walk-through door for easy entry and exit
- + 12 large windows (8 triangular, 4 vertical)
- + Unique pentagon footprint, providing 37% more floor space
- + Additional depth in rear for improved maneuverability and concealment
- + Quick-adjust, ratchet style tie-downs, stakes and carry bag
- + Reflective top hub pull strap
