CAMP CHEF
THE WAY TO COOK OUTDOORS®

Expand your kitchen beyond the back patio and open the door to more flavor in the outdoors. Our cooking systems are portable enough to take anywhere and provide consistent firepower no matter the conditions. With our arsenal of interchangeable accessories, you can barbecue, boil, bake, griddle and fry all on one cooking system. Camp Chef cooking systems make it easy and enjoyable to cook from backcountry to back patio.

Camp Chef 14 inch cooking systems are measured 14 inches from the front to back and Camp Chef 16 inch cooking systems are measured 16 inches from front to back. This makes them compatible with specific Camp Chef accessories. Simply match the blue or orange icon found on the accessory packaging to make a versatile combination. Now you can have a cooking system that does so much more than boil water. Grill, griddle, bake, fry and cook Dutch oven all on the same Camp Chef cooking system. Mix and match accessories to fully customize your Camp Chef cooking system.

Look for compatible accessories with 14" blue icon for 14" Cooking Systems and the 16" orange icon for 16" Cooking Systems

PRO 60X DELUXE

- 14" x 32" cooking grate (448 sq. in. total cooking area)
