*Think outside the toolbox.™*

**T**he Custom LeatherCraft Catalog provides more than a quick glance at our legendary, built to last product line. It also gives you a look into a world where Craftsmanship and Innovation Rule. And second best just won't cut it.

We build unrivaled innovation and durability into every CLC product. We work new wonders with time tested materials like top grain leathers, heavy duty suede leather, and canvas. And we push the possibilities of

breakthrough materials like Cordura® Plus, 1680D Ballistic Nylon, and rugged polyester fabric to new heights.

It's the only way we can meet the high standards our skilled CLC designers and craftsmen set for themselves. And the standard demanded by the pros who go to work with CLC gear across the country and around the world.

# SOFTSIDE TOOL CARRIERS

Whether you're up on a roof, down in a basement, or around the corner, CLC won't leave you up the creek. Because carrying a CLC Softside Tool Carrier is like owning a workshop to go. With up to fifty pockets to store everything you need

to get the job done right, in one trip to the job.

And of course, they're built to last with rugged polyester fabric, reinforced interior bottom panels, and heavy duty stitching and bar tacking at critical stress points. Choose our secure

zippered top styles, TrayTotes with handy plastic carriers, or our Megamouth models that open wide to take a bigger bite out of big jobs. There's even a Roller Tote that's ready to roll when you're ready to rock.

# COMBOS & APRONS

A photograph of two construction workers on a job site. They are wearing hard hats (one yellow, one orange) and tool belts. They are working on a wooden roof structure, with one worker holding a power tool. The background shows a blue sky with clouds. The image is framed with a torn paper effect.

Do you know what Electrician's, Construction Workers, Carpenters, and a couple of dozen other skilled occupations have in common? There's a CLC Combo and Apron that's custom designed to hold the tools they need for the jobs they do. We make 'em right and we make 'em tough out of top grain leathers, heavy duty suede leather, Cordura® Plus fabric, 1680D Ballistic Nylon, and rugged polyester fabric.

And we don't stop there. We use rugged buckles that won't buckle under pressure. We load 'em up with CLC innovations like our patented "Easy Carry Handle Design" and our ultra handy Sta-Open Pockets. And that's why so many pros in so many trades rely on CLC Combos and Aprons.

# NAIL & TOOL BAGS

Did you ever take a two-pocket nail and tool bag to a ten-pocket job? Then you'll appreciate the amazing array of storage and flexibility built into CLC Nail and Tool Bags. Choose from two pockets to ten pockets and just about anywhere in between. They're all built smart and built to last with top grain leathers, heavy duty suede leather, DuPont Cordura® Plus fabric and rugged polyester fabric.

Our Sta-Open pockets open wide for easy access to the tools of the trade. And we build in all of the loops, clips, chains, bells and whistles you need to look like a pro, while the other guys are looking for their tools and nails.

# TOOL HOLDERS

Ramp up your efficiency with custom fit CLC Tool Holders. They're the ultimate examples of CLC's unique ability to create the right tool holder for the right tool. Name a hard-working tool and we can handle it - from hammers to hatchets, utility knives to machetes, and cordless drills to volt meters.

CLC Tool Holders don't just hold tools, they hold tools for a long, long time, because we don't hold back on quality. We build 'em to last from top grain leathers and rugged polyester fabric. And to make sure they hold their value, we reinforce 'em in all the right places.

# KNEEPADS

The two most important benefits of any kneepad are protection and comfort. And nobody has more comfortable ways to protect more hard working knees than CLC. We make kneepads for every job and every budget. Each one built to last. Each one

built for comfort and protection.

Our top of the line Comfort Gel Knee Pads have re-defined the art of kneepad design. They distribute weight throughout the pad and away from the knee. And our exclusive Groove Cap Design

prevents thread abrasion. We've even added larger, more protective outer caps, so long days won't bring you to your knees.

# BACKBELTS & BELTS

Take a load off where it counts with super supportive CLC Backbelts. They're ergonomically designed to reduce the risk of back stress and injury, while they encourage proper body mechanics. And they're made for comfort and made to last with a range of durable materials including Lycra® Spandex power net mesh.

CLC Work Belts can handle anything your workplace and your waistline can dish out. They're woven from rugged high end fabrics, or crafted from top grain leather. And each one's equipped with heavy duty buckles, and other exclusive features for the comfort and support hard workers deserve.

# MERCHANDISERS

CLC puts the focus on real world in-store support. We understand your customers and the realities of making our products stand-out from the thousands of other products in your store. And we provide you with the high impact packaging and merchandising support you need to help get CLC products off the shelf and into the hands of your customers.

We work hard to capture the attention of every potential CLC target – from the seasoned pros in the building trades, to the newcomers who make up the critical DIY segment. We do it with hard-working, easy-to-use displays. And with full color packaging that clearly demonstrates the industry-leading features and benefits of everything we make. And okay, so we didn't invent in-store merchandising... we just get a kick out of trying to do it better than everyone else.

### “NEW” RACK PROGRAMS

- ▲ Sturdy and attractive metal free-standing racks.
- ▲ Helps preserve valuable wall space.
- ▲ Designed to thrive in high traffic areas.
