Floral / Pet / Paint**THE ORIGIN OF EXCELLENCE**

The original clear vinyl plant saucer was created and produced in the 1970's by Curtis Wagner, himself, and quickly became popular in the art of plastic saucer production at the time. His innovation and drive inspired the founding of Curtis Wagner Plastics Corp. in Houston, Texas in 1992 and continues to motivate the operational team at our manufacturing facility to the present day. The clear plastic saucers are engineered with design features that are unique to our products. They are durable and designed to stand up to frequent and regular use.

AN UNMATCHED SELECTION

We offer a full line of clear vinyl products that include heavy-gauge footed designer saucers for added stability and increased floor protection. Curtis Wagner Plastics uses thicker and sturdier plastic to construct its products, ensuring that they last longer and work better for end users. Our clear plant saucers are available in diameters of 4–25 inches and in shallow, deep, or medium configurations. Curtis Wagner Plastics also manufactures hanging basket drip pans, cork & fabric surface protectors, clear plant stands, designer plant saucers for lawn and garden stores, nurseries and floral shops.

Hanging Basket Drip Pans

12"/14" WIRE COCO HANGING BASKET DRIP PAN

HOW-TO VIDEO

HANGING BASKET DRIP PANS

Our Hanging Basket Drip Pans feature four hooks rather than the more commonly found three-hook models. This allows for greater stability and a reduced chance of drips, spills and mishaps. This allows customers to plant hanging baskets anywhere without damaging floors or carpets.

- Hooks on hanging baskets fast and easy
- Catches water overflow
- Keeps plants moist
- Has molded built-in hooks
- Indoor & outdoor use
- Protects decks and floors from water damage

Plant Saucers

HEAVY GAUGE PLANT SAUCERS IN TERRACOTTA, BLACK AND CLEAR

PLANT SAUCERS HEAVY GAUGE PLASTIC

- Each saucer has an airflow bottom design that does not trap moisture, dirt, etc. under the saucer
- Saucers nest in half the space as our competitors
- Saucers de-nest easily, they will not stick together
- Ribbed sidewall strengthens the sides, making it more rigid
- Floor and shelf display programs available
