

Charging: This product is rechargeable. Please charge fully before first use to ensure optimal performance. **PLEASE NOTE:** Wall type USB chargers should not be plugged into extension cords.

Plug the large connector of the included USB-C charging cable into any USB power source such as a power cube, computer or car charger. Plug the other end into the USB-C port. A solid blue light above the charging port indicates charging is in progress. The light turns off when charging is complete.

LOCK OUT PROTECTION (2024 Version and Newer Only): The plasma lighter automatically locks after 30 seconds of non-use! This does not affect the LED light functions.

Operation Lighter: Pull back the metal latch lock and press the latch button to automatically flip open the top. Double click the lighter power button to unlock it. The blue charging indicator blinks twice confirming it is unlocked.

Press the power button next to the electrode posts for 3 seconds to activate the lighter and hold it down for the desired period. The lighter shuts off automatically in approximately 7 seconds. Press and hold the button for 3 seconds again if necessary. After approximately 30 seconds of inactivity, the lighter will lock automatically. The blue charging indicator blinks four times confirming it is locked.

CAUTION: DO NOT touch the electrodes during operation!

Close the lid completely when finished and flip up the latch lock.

Operation Side Light: Press the power button on the outside of the case repeatedly to select high or low brightness, strobe, and off.

Caution! This product contains a non-replaceable rechargeable lithium battery. Attempting to open the product or replacing the rechargeable battery will result in permanent damage and void all warranties.

Warning! To prevent serious injury, including temporary or permanent loss of sight do not stare into the light, shine light into eyes or focus the beam using an additional lens. Keep away from infants and toddlers as this product contains small parts.

This product is not a toy! Use this light only as it is intended. Inspect before every use. Do not use if parts are damaged, loose or missing.

Save these safety precautions!
