

TAYLOR

INDOOR/OUTDOOR

DECORATIVE 13.25" THERMOMETER

MOUNTING INSTRUCTIONS:

1. Select a location on a wall that is out of direct sunlight.
2. Two screws or nails (not included) are required for mounting. Place the first screw approximately 2 $\frac{3}{4}$ " below the point where the top of the thermometer will be positioned, leaving screw or nail head out approximately $\frac{1}{4}$ ". Place the second screw or nail 8" below the first.
3. Place the thermometer over the screws or nails heads.

EXPOSURE:

Do not mount in direct sunlight, near a heat source, or near a large body of water as these situations could affect the proper air temperature reading.

Mount securely and protected from the wind to prevent against any damage from being knocked off the mounting screw and falling to the ground.

Ultraviolet light from sunlight can prematurely weather the product.

ONE YEAR LIMITED WARRANTY

Taylor warrants this product to be free from defects in material or workmanship, and on return, will repair or replace it at our option, without charge.
